## **Compass Consultants, Inc. Adds Staff For Minnesota Broadband Network Build Out**

*(Perham, MN, Compass Consultants, Inc. December 14, 2010)* – Compass Consultants, Inc. is pleased to announce the addition of eight Engineering Technicians who will play an integral part in the build out of the broadband network for a major wireless network provider.

The new staff members include 10 Engineering Technicians, including Randy Notch, Chuck Bailey, Derek Lukasavitz, Robin Hvidston, Adam Lawrey, Chris Bower, Keith Peterson, Tyler Hastings, Ira Seals and Kelly Sweere.

“We’re pleased to add these talented individuals to our staff, said David Schornack, acting President of Compass Consultants. “It’s exciting to be playing a major role in expanding the broadband network in Minnesota.”

“These are just the first of hundreds of jobs that we and other companies will create over the course of the next few years as a result of this project,” he continued.

The new staff is based in locations throughout the state and each is responsible for ensuring the build out is implemented as designed and specified.

Compass Consultants, Inc. is a leading provider of consulting and engineering services to the telecommunications industry. The company defines customized solutions for the design, engineering and implementation of complex telecommunications projects; and works with independent telephone companies, competitive local exchange carriers, cable television operators, Internet service providers and regional transport companies throughout the United States.
