## **Compass Consultants, Inc. Hires 10 Engineering Technicians**

*(Perham, MN, Compass Consultants, Inc. February 14, 2011)* – Compass Consultants, Inc. is pleased to announce the addition of 10 Engineering Technicians who will play an integral part in the build out of the broadband network in Minnesota for a major wireless network provider.

“Compass Consultants is experiencing a tremendous amount of growth this year due in part to playing an integral role in the expansion of the broadband communications network in the state of Minnesota,” said David Schornack, CEO of Compass Consultants.

“These are just a few of the hundreds of jobs that Compass is creating over the course of the next few years, as we continue to grow as a company,” he continued.

The new staff is based in locations throughout Minnesota and each is responsible for ensuring the state-wide broadband build out is implemented as designed and specified. The latest additions to our Engineering Technician staff are:

- Ed Roberts
- Paul Myllykangas
- Brent Otteson
- Eric Witt
- Jeremy Gleason
- Mike Jacobsen
- Russ Ekholm
- Luke Burgau
- Joe Milashius
- Kelly Januszewski

In addition, Keith Kaldor joined the team as an Engineer Design Technician.

Compass Consultants, Inc. is a leading provider of consulting and engineering services to the telecommunications industry. The company defines customized solutions for the design, engineering and implementation of complex telecommunications projects; and works with independent telephone companies, competitive local exchange carriers, cable television operators, Internet service providers and regional transport companies throughout the United States.
